

# CYBER RISK WORKSHOP

The risk of becoming a victim of a cyber attack is real -The most recent global cyber attack WannaCry is a timely reminder. It is not a matter of 'if' but 'when' it will happen, yet you can avoid being an easy victim. Babette will provide you in this workshop with useful insight and hands-on advice on how to strengthen your Cyber Risk Resilience.

You will leave this workshop feeling more in control of how to manage the uncertainty that comes when doing business online, and while there is no 'one- solution- fits- all' there are some valuable standards and tools that help you safeguard your data – protecting your revenue and your reputation, as Lost data means lost trust from your clients.

**Date: Wednesday 21st June from 9.30am to 12.30pm**  
**Venue: Illawarra ITeC, Cnr Fox and Miller Streets, Coniston**
