

TAX BASICS FOR SMALL BUSINESS

Are you starting a small business for the first time? Do you want to learn more about tax basics, good record-keeping and employer essentials? Would you like to know about the tools the ATO have to help and support your small business?

Our FREE Tax Basics Workshop is designed for new start-up businesses to help make managing your tax and super responsibilities easier, freeing up valuable time to spend on your business and not on your books. You'll also be shown how to use the ATO online tools and resources.

We will cover:

- Support for small business
- Goods and services tax (GST)
- Small business reporting
- Income and deductions
- Motor vehicle deductions
- Depreciation
- Home-based businesses
- Record keeping
- Business structures and registrations
